Yoga teaches us that we can't stop the waves, but we can learn to surf. 100 students of the middle compartment displayed yoga which was followed by an exotic aerobic display. They mesmerized the audience with their performance. The winners of different events were given medals and certificates.

During his interaction with the students, Mandeep talked about his very own experiences and offered a basic outlook about life. He also stressed the importance of sports in one's education by saying, "School is where you can get to know what it is that you are good at. So finding the right balance between studies and sports is important as then you will get to know what it is you are good at." He further related this with the academics by saying that studying should be students' only worry and not the result.

Towards the end, an event for the teachers and parents was organized which added to the enthusiasm. The program concluded with the vote of thanks followed by National Anthem.

## Speaking Matters

(By: Mrs. Jyotsna Sharma, TGT - English)

In an era gone by, when television was the only source of entertainment and there were no channels to flip, no remotes to fight for; when waiting for a weekly programme was full of longing and anticipation and news was all about serenity and professionalism, there was Doordarshan. The visuals of Rukawat ke liye khed hai, the signature tune of DD are etched deep in our memory and so is the impeccable diction of **Shammi Narang**. Known as the Walter Cronkite of Indian Broadcast history, If I were to describe him in one word, then he is a LEGEND. Yesteryears newsreader and announcer of Doordarshan still evoke fond memories for many of us who grew up watching him.

November 9, 2017 was the much-awaited day for both students of class XII as well as language teachers. As there was an interactive session on communication skills by the famous media personality and the Director of the Pin Drop Studio, New Delhi Shammi Narang. Director BET Maj. Gen. S.S. Nair (AVSM), Director Birla Museum Dr. V.N. Dhoulakhandi, executives of the Trust, Principals of BET Schools attended the Session.

During his session, Mr. Shammi Narang discussed the Warm-up techniques and Breathing techniques, Voice Improvement Exercises, Pronunciation, Diction and Accentual Patterns, presentation and Speech Development, Voice Modulation and of course the art of good communication. The overview given by him of the recording studio and Microphone techniques proved to be an icing on the cake for the audience.

Though we understand that the commonest activity besides breathing is speaking. What we do not realize is that properly modulated, or properly animated speech can change our whole environment. After all how we speak is how we are perceived, and a positive change in our way of speaking will cause others to look upon us more positively.

## Going Beyond the Boundaries

### Skype session with Egypt...

For the first time ever our school conducted a Skype session with Egyptian students on 18 November 2017. It was really an astounding experience to be the part of such a stupendous interaction. It was wonderful as well as elucidative synergy for each one of us. As our Central theme laid emphasis on girl child so we got to know the way things shape up for a girl child in Egypt. They threw light upon the new reforms enforced by government to recuperate the condition of girls. We also responded to the questions asked by them in context of Indian Parliament, career opportunity for girls in India etc. It was an unforgettable experience for us.

### Skype session with Bangladesh...

In the month of October, we had an interactive session with a school in Bangladesh. It was based on the theme National Heroes. It was a girl school. We discussed about the National Heroes of both the nations. During the session we asked them about their national heroes and their major role in the freedom struggle of their country. It was a knowledgeable session. Also we also came to know about their culture. We really enjoyed it.

On 9<sup>th</sup> and 10<sup>th</sup> December a POCSO workshop was organized for teen/tween girls of Birla Shishu Vihar. In which none other than Dr. Parul Pareek guided us. The workshop was conducted in three batches. A large number of girls attended the workshop. Girl child does not feel secure in today's society. ## A Breakthrough in the Debating Phenomenon

(By: Jayshree, Ekta and Khushi - XI A)

It was indeed a wonderful opportunity that our school gave us. It was to participate in Vox Populi, Debating Phenomenon, held at Rukmani Birla Modern High School, Jaipur. Out of several events, our team of three members - Jayshree, Ekta and Khushi, participated in Youth Parliament (Our Problem, Our Solution). We sincerely want to thank our Principal Sir and our escort teachers- Mrs. Kalika Bhatia and Mrs. Neetu Rathore, for more than a merely privilege to convey our thoughts. And we want to give a special thanks to Mrs. Jyotsna Sharma, our English teacher for taking such a big initiative and recommending us to take part in such a competition. Yes!!! It is true that "We are indebted to our parents for living but to our teachers for living well." Also the participation in the Vox Populi debating session was indeed a memorable experience that enhanced our debating skills. Because it is truly said that, "The purpose of life is to live it, to taste experience to the utmost, to reach out eagerly & without fear for newer and richer experience." It was really a knowledgeable experience that we will never forget.

## Classical treat for students

Our first ever collaboration with "SPICMACAY", Society for the Promotion of Indian Classical Music and Culture Amongst Youth brought a colourful rainbow in the history of Birla Shishu Vihar. It aims to create interest amongst the youth in Indian classical dance forms and intends to save the dying beauty of Indian culture and heritage.

Under the aegis of SPIC MACY, a Bharatnatyam dance recital by Mrs. Ragini Chandrashekhar, a renowned Bharatnatyam dancer was organised at Birla Shishu Vihar on 11th November, 2017. She was accompanied by a vocalist and instrumentalists. The artists were accorded a traditional welcome and the programme commenced with the lighting of the ceremonial lamp by Director, BET, Principal and the invited guests.

Mrs. Ragini Chandrashekhar engrossed us by depicting the stories of Lord Ganesha and Lord Krishna through her mesmerising foot work, facial expressions and homogeneity in presentation of this vibrant dance form. She gave the performance along with Abhinaya and Commentary. The dexterous hand movements and agile footwork along with the novelty of the traditional dance kept the audience spellbound.

## Champion wins accolades in Netball

### It's not the destination, it's the journey!

(By: Aryan- XII 'A')

22nd Sub Junior National Netball Championship was held at Happy Model School (Janakpuri), New Delhi. Being from Haryana, I represented there from Haryana Team. It was a National Level Championship, So all the 29 States of the Country took part in it. Playing at such a great platform was a moment of proud and joy for me. There I got a chance to know about the behavior of people from different states and with different backgrounds. As a beginner, I started from District Level, then won laurels' at State Level too and that's how managed to clinch it to National Level. It was a sweat-breath taking journey, but was worth it. The position on which I played was wing defence (WD). In finale we had a tough fight with Rajasthan's team, but as it always says something done religiously will always bring fruits and we got the fruits in form of gold medal and lot of appreciations. It was a moment of proud for me, my team, and my parents. The team was honoured with gold medal and Sports Department of Haryana presented us with Rs.3 Lakh's of cash prize to each teammate. The whole soul credit for this achievement goes to my coach Mr. Lalit Kumar, without him it was not possible for me to fly at that height. He helped me to stretch my wings and fly at greatest summits. Apart from Championship, I also won Gold in One Act play in 21<sup>st</sup> National Youth Festival held at Rohtak, Haryana. The most precious moment was when I was badged with the Achiever of the Year Trophy in the 65th Annual Day of the School, 2017. I heartily express my gratitude towards Principal Sir Mr. Pavan Vashishtha, who has always motivated me to soar and roar higher and louder.

## A boost to the Parent Involvement in School Functioning and more.....

On November 16, 2018 I attended Parents' Teachers' Meeting called by the School Principal Mr. Pavan Vashishtha. By the way, the school has been facilitating PTM's in a different format & with a much focused objective. for the last four years.

But this time it was a superb initiative taken by the School wherein a platform was provided to the entire Parent Community of the school students to have a one to one interaction with the school authority.

When I reached the Multi-Purpose Hall of the school I noticed the attendance of around 600 parents. Still I could see more joining in as the weather began to get more clear & warmer. It was fruitful & meaningful experience. Principal gave an eloquent speech. There were so many things that he shared. His talk began with a description of the activities provided to the students. Later he gave an elaborate description of the plans that the school has made and how they will be executed further in future. There is no doubt that he has a deep understanding of children's psychology. Instead of only praising the school achievements, he emphasized more on what further improvements can be done. How the student should be involved in various activities to have all-round development, He touched every aspect related to this like education, sports, technology, discipline, globalization, environment, etc. His complete attention was to increase quality of education.

"We want to reach out to our parents, because we need to hear their voices and what they like about the school, what they would like to see change about the school and we want them to be involved in their kids lives and their kids' educations," were the words of the Principal Mr. Vashishtha. We felt proud to know that our children are in such a good environment, decent teachers and above all under the flagship of such a dynamic leader.
