Circular - 006

From: Principal
Kind Attention: Teaching Staff

July 17, 2020

'Education is the training of mind...'

Dear Colleagues,

School Management & Trustee firmly believe that sole aim of education is to ensure mental & physical growth of today's youth and help them to grow as a responsible citizen of our society. It is our moral responsibility to engage them in training their minds i.e. education.

Teaching a child just to pass the grade/class every year can't assure child's development as a 'whole child'.

As the world goes through an unprecedented situation due to outbreak of COVID-19 onsite classes/activities are suspended since March 19, 2020. We are bound to choose online platform so that academic & physical growth of students shouldn't hamper.

In last three months school management has taken various steps- **Infrastructure support and Teachers' Training** to strengthen teaching learning process at school. But it is not sufficient to match school & organisation benchmark. We need to make consistent efforts to improve on **Teaching in virtual space, Online teaching, ICT, Blended Teaching and Flip Class Rooms**. Ability to assess without pen and paper is an additional skill that is to be acquired.

CBSE is organising training programmes for teachers in each domain at free of cost. You are advised to join the session matching your requirement.

School management is conducting training sessions for teachers at regular intervals.

Also, you are invited to propose training modules, needed to acquire highlighted skills for yourself.

Well defined Goals/Objectives of education at BSV and steps to attain it is being shared with you before every academic session. Necessary suggestions/guidance is provided to you since outbreak of COVID-19 so that school progress shouldn't hamper.

This circular is a gentle reminder for you.

I sincerely hope that you will leave no stone unturned to meet the expectations of School Management & Trustee.

Please acknowledge it.

Sincerely yours'

Pavan Vashishtha
(Principal)
