School Preparedness- Post Summer Break- Session 2020-21

Pandemic- Year

We are going under unprecedented situation. School management is taking all necessary steps to outspread COVID-19 while we resume classes.

Teaching is the prime responsibility of a teacher and it can't be replaced by additional responsibility.

Blended Learning module (Online/Onsite Education) will be adopted after summer break. Teachers are expected to support this module and ensure "Quality Teaching-Learning" for each child at each level.

Quality -Teaching-Learning demands:

- Constructive & Collaborative approach with peers and learners.
- Subject competency with strategies/pedagogy to deliver at both platforms.
- Exploration and Application of online tools related to specific subjects.
- Promotion of inquisitiveness, creativity & innovative skills among learners.
- Application of LOT- HOT to ensure improvement in academic standard of each learner to achieve subject/class bench mark
- Designing of Assignment & Assessment tools to support Blended Learning.
- Syllabus Break up and lesson Planning with application based approach.

You are requested to enhance/adopt & develop fore said skills to ensure personal & institutional growth.

A teacher shouldering additional responsibility is expected to take minimum 25 lessons per week. Teacher, having constraint in this regard, must write to Principal by May 29, 2020. It will help us to plan the responsibility roster for current academic session.

School Schedule:

We are working on different options to select the best one in compliance of instructions issued by HRD minister, CBSE/State/ District /School Management. You may write your advice/suggestions for further discussion by May 31, 2020.

Thanks.

(Pavan Vashishtha)
Principal
